

RIETH-RILEY CONSTRUCTION Co., INC.

100% Quality • 100% Employee Owned • Over 100 Years

Notice Flyer Sample

Dear Resident,

Rieth- Riley Construction will be starting on a resurfacing project in your subdivision.

DATES OF IMPACT:

Milling: _____

Paving: _____

The nature of our work consists of milling the road out and cleaning the surface area. Then paving crews will fall in behind with their operation. A black liquid will be sprayed on the ground, what we call a tack coat, to adhere the new asphalt to milled surface. Please use caution when approaching this operation for the tack will get on your vehicles if it is not dried. When the new asphalt is laid, please use caution to not stepping on the hot asphalt as well as keeping children and pets off the roadway. It is very HOT. Mobile Equipment will be present and staying clear of it is imperative to everyone's safety.

During this construction process you will see no parking signs and cones. We ask that you do not park in front of the cones and please do not park in the street when you see the no parking signs posted. A URL is provided for your convenience to check on the construction progress.

www.porterco.org/PavingInfo.

We ask that you work with us to help ensure a safe and swift project in your neighborhood. This letter is to help ensure that vehicles and other property is removed from the streets or vehicles will be towed at owner's expense.

We apologize for any inconvenience and appreciate your cooperation and understanding. If any concerns shall arise, please contact me by email.

Sincerely,

Larry Howard

Project Superintendent

Rieth-Riley Construction Co.
